How it works - Coupon books cost \$5.00 each and must be paid for in full when picked up from the station volunteers. (Make checks payable to BAW) For each \$5.00 coupon book purchased \$4.00 will be credited to your trip account. The one exception is the Price Chopper books you will get a credit for \$5.00. You may buy as many coupon books as you want, but make sure that you check the expiration dates. Purchases are non-refundable. There is a coupon in each book good for \$5.00 off a \$50.00 purchase at the participating store, as well as numerous other coupons. The purchaser will recoup the cost of the coupon book with the use of the coupon. The grocery stores have said that a coupon may be used every time a person shops, the only requirement is that you must make a \$50.00 purchase. Use them for your own grocery purchases and sell them to others.

Date of Sale - Continuously from February 25, 2010 through October 2011.

Where to pick up coupon books - Call a station volunteer to arrange a time to pick up and pay for coupon books. You will pay for the books when you pick them up and they will give you a receipt that you should keep to double check your amounts on Charms. Each station volunteer will have some books from each store, but it is always best to call ahead to make sure they have as many as you need. These volunteers will also bring coupon books to Dance Team and BandAides meetings.
